

Time Is Your Superpower

Name: _____ Date: _____

1 Read the fictional story

Two fictional people each contribute €100 once. In a smooth illustration, A has two 10% rounds and B starts one round later, so B has only one. No fees or extra deposits are shown.

2 Look at the three cards

1

A: €100 + 2 ROUNDS

2

B: €100 + 1 ROUND

3

10% MODEL ONLY

3 Work with the cards

1. Find A's balance after rounds 1 and 2.

2. Find B's balance after one round. Compare the ending balances.

Use words, arrows or numbers to show your thinking.

Time Is Your Superpower

4 Think further

3. Why could one company share be riskier than a fund spread across many companies? Give one more reason the 10% model is not guaranteed.

5 Explain your answer

Why can time help without promising a particular final amount?
